Why Join as Business Development Associate (BDA) ?

'RECURRING INCOME' is one of the best advantages in BDA plan. You can be a house wife, student, unemployed, marketing person, retired professional or any other technician, joining as BDA and have the opportunity to earn a 'RECURRING INCOME' for one time effort.

For Example:

If a BDA introduce one service provider in a basic plan of Rs. 3000, the business development associate will get Rs. 300 (10% of the Service provider/technician's joining scheme) on joining as well as on renewals.

In case, the business development associate introduces 100 service providers in basic plan then the BDA will get monthly income of Rs. 30,000 (300 X100).

Initially this is a pocket money but in the long run, the 'RECURRING INCOME' is a great income generator.

NOTE: Minimum Business Guarantee plan and PRNV Services refund policy is NOT applicable for BDA monthly plan.
